Landscape Maintenance Done Right

When you choose Down Under Services you get a landscape service provider that is:

Licensed – For your protection we are fully licensed and insured, a rarity in the landscape maintenance field.

Responsible – Services are provided by owner/operators who have a strong stake in ensuring you're happy

Consistent – Count on us to show up on the same day every time (or to contact you if the weather prevents us from doing so).

Proactive – Our goal is to spot issues early and help you address them before they get worse.

Accessible – You can reach us by call, text or email, and relax knowing that someone who speaks English will be there at each visit.

Clear – Your customized written service agreement will spell out exactly what services you will receive.

The Down Under Difference

Down Under Services has:

Top-of-the-line equipment – Superior results start with superior equipment that's well serviced and properly maintained.

Multiple levels of quality control – Quality is assured by the owner/operator who provides the services plus regular inspections from one of our Quality Control Managers.

Formal training program – With a focus on the specific requirements of different lawns, trees and plants, to ensure every Down Under representative is capable of keeping your landscape healthy and lush.

Convenient payment options – Monthly invoices are sent via email, with the option to pay by credit card or check.
